**SUBJECT:** U.S. Price List 75

Enclosed is my new price list for early and modern U.S. Sheets. Most are VF or better. List 75 is another great list. On May 20<sup>th</sup> I flew to Chicago to the Rasdale auction and bought all of their large sheet lots. I added 4200 mostly VF sheets to list 74. And the remarkable thing about these sheets is that the owner bought them when they came out in 1930's – 1960's. He placed them in sheet files and didn't touch them. They were placed in an album with the print sides together. Most of these sheets are VF or better and I am only the second owner. We now have over 21,865 items for sale. Hopefully we can fill some of your empty spaces. Next price list (76) due out August 3, 2010.

I am now able to provide complete coverage from 1920 to 2009 in top quality US mint sheets which include many new and more recent sheets.

Now I have a great selection of Graded & Raw Morgan & Peace Silver Dollars with a comprehensive list covering all grades and prices. Please feel free to call if you have any questions. Also check out my new selection that was just added.

List 74, which came out on June 4<sup>th</sup>, was one of my best list ever for sales. Thank you all for your support and orders. Gabby and I have been working very hard on our businesses. Marsharen's contribution for this list was that she prepared and typed the face value list.

At the present time, all my sheets are stored and shipped in clear acid-free holders. Because not all sheet album pages are acid-free, the sheet should be place in albums in the holders I send you. Please order early for best selection and for best results, give me a call when you get this list. Please list alternate choices. Also, I would like to say that I can provide most sheets from 1920s-2009. This would include 704-15, 803-33 as well as the national park sheets and 1030-1052. I would be happy to provide quotes for any sheets not on my current list.

Gabby and I produced this list using my laptop computer. This time we actually did not have to recount the sheets to get an accurate inventory. Now is a good time to mention that we are not responsible for typing mistakes. If we overcharge for a sheet we would never keep the incorrect markup. But we are not obligated to sell a \$500. sheet for \$1., if we make a mistake the other way.

Please see the list below for available discounts which I have increased to make my prices more competitive. For the net priced items I will try to offer half the listed discount. Shipping and handling is \$3 for orders up to \$100 and \$5.00 for order over \$100. Large order may cost slightly more. Pennsylvania residents will need to add 6% sales tax. Call (215) 576-5007 with any questions. We also buy sheets. We now accept all credit cards. Please include your day and evening phone number when ordering. Thanks for your continued support. Happy hunting!
